Application No. '10/530,150
Paper Dated: April 11, 2007
In Reply to USPTO Correspondence of 02/12/2007
Attorney Docket No. 3135-050936

In connection with the petition, (1) a statement was made that the Notification of Missing Requirements, mailed 31 January 2006, was never received. According to the Decision, the original petition was lacking (2) a statement by the practitioner that he searched the application file jacket and docket records and that the search indicates that the Office communication was not received and (3) a copy of the docket record where the non-received Office communication would have been entered had it been received and docketed.

The undersigned states that the application file jacket and docket records were searched by the responsible personnel in his office and by the undersigned and the search showed that the Notice of Missing Requirements was not received.

Further, copies of the docket records from both the PATTSY system and the PERFECTLAW system maintained by the undersigned firm are enclosed. For the above-identified application, the PATTSY system shows "awaiting missing parts"; the PERFECTLAW system indicates "Notice of Abandonment received. We did not receive the Notice of Missing Parts." No docket entry appears for the above-captioned case (Our Docket No. 3135-050936) on 31 March 2006 on the firm docket for that date (redacted copy enclosed).

CONCLUSION

Reconsideration of applicant's Petition Under 37 C.F.R. § 1.181 is requested.

Respectfully submitted,

THE WEBB LAW FIRM
